16th February 2007

Dear Mr Porsz

Thank you for your courtesy visit to our premises today.

I write to express how well the security system has worked for us. It has been two years since your company installed the system. Prior to the installation we experienced several instances of damage and theft. To date we have not had one occasion where any damage or theft has taken place.

I would just like you to know that whilst it was an expensive project for us to undertake, it was one we are glad we had done.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Mark Crowson'.
