RECEIVED 1 & MAY 2007

9th May 2007

Dear Richard

I would like to take this opportunity to thank you and the team for the professional installation of all the security systems supplied by Alertsystems at our Chippenham site.

As you know with our site being split on both sides of the road, we have always found it difficult to secure. I cannot stress enough how pleased we are with the level of security we are currently enjoying.

After the installation of the External Dome Camera system we found it very easy to choose Alertsystems as the supplier for both our Access Control and Intruder Alarm systems.

The benefits we have received from these systems have been invaluable and have meant that we have been able to install cameras throughout our production areas. As a direct result our down time has been cut by 2.5 hours per week paying for the system much quicker than originally anticipated.

Richard, once again I would like to thank you and all the staff at Alertsystems for your continued professionalism.

Regards

Chris Lowe
Engineering Manager
