Dear Ian,

I am writing to thank you & all your staff at Alert Systems for all your help in getting our security system in place.

I particularly want to thank Jim for all his diligence in getting everything...just right. He has been very helpful in pointing out areas that needed our consideration. He seems to know what's required before we do!

I am quite sure that as we grow we will be making many changes to our security system. I know that the response will always be helpful, professional & quick. You have always been quick to respond to any of my enquiries & thank you for that.

Finally, I would be more than willing to recommend your services to anyone who would like to listen.

Once again thanks for your help so far & I look forward to working with you for many years to come.

Kind regards
